The College recognises the benefits of having a diverse community, with individuals who value one another, and the different contributions everyone can make. Students will be taught to value and respect others. The College is committed to being an equal opportunities education provider and is committed to equality of opportunity for all its members. The College recognises and accepts its responsibilities under the law and opposes unlawful discrimination on the basis of the following “protected characteristics”:

- gender;
- gender identity;
- marital or civil partnership status;
- pregnancy and maternity/paternity/adoption status;
- any gender reassignment;
- race and nationality;
- disability;
- sexual orientation;
- religion or belief (including lack of religion or belief);
- age.

The aims of this policy are:

- To ensure fair and consistent admissions procedures which are consistent with all relevant laws and regulations
- To explain admission procedures

The Admissions Team

Admissions is a vital part of the student recruitment process and plays a large part in helping parents, agents, agent managers and students to work through the whole application process from the very first tentative enquiry stage right through to the visa application process, if one is needed.

The admissions team are there to help guide students, parents and agents through the various stages of the application process. This includes such diverse duties as handling enquiries, processing applications, arranging interviews and tours, creating offer letters and also helping them to prepare for visa applications. Once the students arrive at the college, they are required to carry out registration duties and also to be available if the student requires help with letters to open a bank account, to prove their student status or to invite their parents over for a visit.

Definition of Domestic and International students

Domestic students are UK citizens with a valid British passport.

International students are those who are citizens of any other country other than the UK.

Enquiries

- From any person or organisation who expresses interest in the college
- They can come via telephone, email, post or through marketing staff on visits overseas
- Our responses should be sent the same day

Enquiries are handled by:

- college admissions staff
- agent managers – at home and overseas
- the Principal and senior staff
- agents
- The Alpha Plus International Admissions Centre (IAC)

All the above staff who work in the college must be well-versed in the following aspects of the college:

1. The college 'vision' and associated values.
2. The nature of the college concerning teaching, courses on offer and subjects available.
3. Accommodation.
4. Welfare.
5. Fees.
6. The application process.

Handling individual enquiries from students, parents and agents.

Replies to enquiries should go out the same day whenever possible.

Domestic enquiries should be invited to visit the college, and attend a tour of the college and accommodation on offer, along with attending a student interview, where prospective students are unable to attend an interview in person, they will be given the option to interview via Skype. International enquiries are sent immediately to the IAC to distribute to the relevant colleague in the Sales Team.

Equal treatment

We welcome students from different ethnic groups and backgrounds. All candidates will be treated equally irrespective of their race, colour, gender identity, sexual orientation, language and religion. Our minimum age of entry is 14 on 1st September and our maximum age of entry is 19 for two-year courses, or 20 for one-year courses only, on 1st September.

Disability

The College provides wheelchair access to the college and boarding house with step free access and lifts. Students and parents are asked to submit full details of the disability to the admissions department to enable the college to assess whether we are able to provide the necessary support.

Disclosures

Parents must disclose any known circumstances relating to their child's health, development, allergies, disabilities, and learning difficulties. The college aims to ensure that it is able to fully meet the needs of the student before a place is offered. The college reserves the right to withdraw an offer if necessary information has not been disclosed during the application process and where school references are deemed unsatisfactory.

Admissions policy for SEND

We are firmly committed to inclusivity and to giving every child the best possible start in life. Irrespective of their special educational needs or disability, we consider all children for admission to the college who have the ability and aptitude to access an academic curriculum. Pupils whose SEND are suited to the curriculum are welcome provided that we have the appropriate resources and facilities to provide them with the support that they require. We accept admissions through the Statement/EHC plan process.

Before a place is offered at the school/college (and preferably prior to application):

- Parents must disclose to the school/college any known or suspected circumstances relating to their child's health, development, allergies, disabilities and learning difficulties. The school/college reserves the right to subsequently withdraw any place offered based on incomplete disclosure of known or suspected SEND circumstances.
- Based on such disclosure, the school/college will confirm whether or not it is able to fully meet the needs of the child.

Where a child's SEND is identified, or develops, after the child has started at the school/college, we will endeavour to continue support the child as long as:

- a) we have the appropriate resources and facilities to provide them with the support they require,
and,
- b) we believe it is in the best interest of the child and of the school/college community to remain at the school/college.

Where, in our judgement, either of these conditions no longer apply, we reserve the right to withdraw a place at the school/college. In such circumstances, we will use our reasonable endeavours to support parents in finding alternative arrangements.

Applications

- Any official application form, received either with or without the required supporting documents.
- Applications may be received by email, in person, by post, or through marketing staff on visits overseas.
- For international applications, the IAC should handle the individual application and following a successful interview, produce the offer, Signed by the Head of International Admissions
- DOMESTIC applications are handled by the in-college admissions team.

Applications may come via an agent, an in-house Marketing Manager, or direct from parents or students (*hereafter referred to in this document as the 'contact'*), before or after interview.

Each application should be handled by the team who have the overall responsibility for admissions. At least one other staff member at DLD College must have a comprehensive understanding of the admissions process.

Interview

All students who wish to enrol at the College must have been interviewed. The latter can only be conducted by one of the following members of the college:

- Principal or a Vice Principal
- A member of the Senior Leadership Team or a Director of Studies
- Head of Admissions
- Compliance & Operations Manager

An interview can be conducted with a prospective student either:

- Face-to-face with one of the individuals named above.
- By Skype or other platform with one of the individuals named above.
- By telephone with one of the individuals named above.

The interview must determine:

- a student's intended programme of study.
- a student's qualifications and history of study.
- a student's level spoken of English (*where a student has no Secure English Language Test – SELT, he/she must also sit an internal test under exam conditions – this can be arranged at a separate time*).
- Reasons for studying in the UK, if appropriate.
- a student's competency to study his/her intended programme at DLD.

Interview notes must be completed in full in all cases.

Following a successful interview, the person who conducted the interview can confirm the student's suitability for a place at DLD to the student.

The interviewer must inform the student that to formally apply they should:

- Submit a completed application form, if not already submitted.
- Provide copies of any qualifications achieved to date, stamped and verified both by the issuing body and an official translator if applicable.
- Provide a copy of the identification page of his/her passport or if this is not available at that time, a copy of their identity card if applicable.
- Provide copies of any current UK visa that the student may hold, or may have held in the past, if applicable
- It is the responsibility of the college admissions team (for DOMESTIC applicants) or the IAC (for international applicants) to ensure that all of the above paperwork is obtained from the student directly or via an agent as appropriate. If any of the required documentation is not supplied, the student's application will not be allowed to progress. In some circumstances a conditional offer may be issued with conditions that the missing information must be submitted before the application can progress to enrolment.
- Following the submission of the above, the student will be given the offer of a place in college by the admissions team. The offer may be issued with certain conditions, or unconditional.

Conditional Offer Letters

- A member of the Leadership or Interview Teams from the college must make the final decision on the application and advise whether or not a 'Conditional Offer' can be made.
- Conditional Offer letters can be written without all of the information having been received, but they must detail what is missing as part of the condition for making the offer 'unconditional' and/or 'accepted'.
- The second page of the Conditional Offer should be the Statement of Fees, which includes a breakdown of the deposit and registration fees to be paid in order to secure the place, the tuition and accommodation fees for the first year and bank details of the college in order to facilitate payment.
- For international applications, a password protected PDF copy of the offer letter will be emailed to the contact.

Unconditional/Accepted Offer Letters

- Acceptance forms serve as a contractual agreement that the student has a place to study.
- Acceptance form, deposit, registration fees, along with any outstanding documents should be provided by the student when the offer is accepted.
- The Admissions Team will be informed of payment by the Finance Team, and evidence of receipt will be included in the student file where possible.
- IAC will then produce a confirmation letter, signed by the Head of IAC. Any outstanding documents not yet been provided will be listed on the confirmation letter.
- CAS will only be issued once all outstanding conditions of the student's offer have been met.

The Finance Officer checks the bank regularly for payments, and emails the Admissions Team daily with any updates/entries.

Once a deposit and registration fee is confirmed, SIMS is updated with the amount received and the applicant's status is changed from 'Conditional Offer' to 'Accepted'.

Student details recorded on the admissions register

The college collects, uses and stores personal data in line with the General Data Protection Regulations (GDPR). A copy of the Alpha Plus privacy notice for pupils and parents is available on the Alpha Plus portal, or on request.

The admissions register contains the following information for each student:

Scholarships and bursaries

Scholarships and bursaries are given at the discretion of the Principal or Vice Principals. Students applying for a scholarship will need to sit our Scholarship Test. There are various scholarships available including DOMESTIC Scholarships and Alpha Scholars Scholarships.

Confirmation of Acceptance for Studies (CAS) & Visa Application Guide

Three months before the start of the course (or 6 months if students applying visa outside of the UK), the IAC sends out a 'Draft CAS' which contains all the information (including that from any relevant documents sent in support of the application) that the college will be submitting to the UKVI as evidence that the student is a genuine and meets all the language and academic entry requirements. The Draft CAS also shows the first-year's tuition fees and for boarding students, also includes the first-year's accommodation fees.

Once the details of the Draft CAS are confirmed and the student is ready to proceed with the visa application, the IAC will issue final CAS.

Please note – If the student appears to require additional help with the visa application, the IAC can/will offer to check supporting documents before final issue of the CAS to ensure that they are up to UKVI standard.

The CAS statement will normally reflect the same information on supporting documents, fees and term dates as the offer letters.

Following issue of the CAS, the contact is asked to inform the IAC about the progress of the visa application and to notify the IAC if they are contacted by the UKVI for any reason.

Once the visa is awarded, we also ask them to send us a copy of the travel vignette, which is then saved electronically in the student's file once the details have been checked and added to SIMS and the CAS and Visa Record spreadsheet.

If there are any problems with the visa application or the visa is refused, IAC will assist with admin review wherever possible and provide further advice on the appropriate next steps.
