

In-class illness Referral note

If the severity of the illness shown in class requires immediate attention and cannot be delayed until the next possible free time (Morning break, Afternoon Break, or end of classes – 4.40pm), then please complete this slip. Then hand the slip to the student and send them to the Health centre together with accompanying student or adult if required. If the Health Centre is closed then refer to DoS.

The Health centre will assess the student's condition and make a decision on further action if required. The named teacher will receive notification of the action, together with the PT and DoS.

Name of student	
Name of Teacher/ Period/ Lesson	
Symptoms	
Signature of the teacher Date and Time	
Health centre action	
Signature of the Nurse/DoS Date and Time
